**cellular** recycler

Helping the environment and earning money for your school is as easy as **1-2-3!** The Cellular Recycler accepts **ALL** cell phones, so you'll get cash back for every phone you collect.

**Place your collection box in a convenient area.** Notify students, parents, teachers and administrators of the fundraising program. We welcome accessories, however, they will not add any monetary value to your collection.

**Prepare the collection box for shipping** once you have collected at least 25 phones. Use crushed newspaper or packing peanuts to protect the phones and then seal the box with packing tape.

**Give the collection box to your UPS delivery person** or take it to the nearest UPS drop-off station. Shipping is pre-paid for your convenience.

That's it! You will get a check in the mail 2 weeks from the date we receive the phones. To order your next cell phone collection box free of charge, go to [www.cellularrecycler.com](http://www.cellularrecycler.com) or email [info@cellularrecycler.com](mailto:info@cellularrecycler.com).
